I remember like it was yesterday  
First kiss and I knew you changed the game  
You have me, exactly, well you want it,  
And I'm on it

And I ain't ever gonna let you get away  
Holdin' hands never made me feel this way  
So special, boy it's your, your smile  
We so in love  
(love)  
La la la la  
Yeah  
We so in love  
La la la la la  
And I just can't get enough  
Of your la la la la love  
Yeah we so in love, love  
I want you to know  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, everything that I could ever dream of  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, every, every, everything

Been a minute and we still holding it down  
Butterflies every time you come around  
You make me, so crazy  
It's crazy, oh baby

And I don't ever wanna be with no one else  
You're the only one that ever made me melt  
You're special, boy it's your, your style  
We so in love

La la la la  
Yeah  
We so in love  
La la la la la  
And I just can't get enough  
Of your la la la la love  
Yeah it's all I'm thinking of

Love, love  
I want you to know

You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, everything that I could ever dream of  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, everything that I could ever dream of  
You are my baby love, my baby love

You make the sun come up Oh boy (oh boy)  
You're my every, everything that I could ever dream of  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, every, every, everything

(Yeah)  
Everything, everything, oh  
Everything, everything, oh

[Will.I.Am]  
You're my always and forever  
You're my sunshine  
On my mind, constant  
Think about you all the time  
You're my everything

Everything, everything, oh  
Everything, everything, oh

[Will.I.Am]  
You my new school (love)  
You my old school (love)  
And it's so true  
You're the one I'm thinking of

You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, everything that I could ever dream of  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, every, every, everything  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
You're my every, every, every, everything  
You are my baby love, my baby love  
You make the sun come up Oh boy (oh boy)  
(You make the sun come up on a cloudy day  
You're my number one, you're my special thing)  
You're my every, every, every, everything

Everything, everything, oh  
Everything, everything, oh  
You are my baby, baby, baby, baby love

Everything, everything, oh  
Everything, everything, oh  
You're my everything  
You are my baby, baby, baby, baby love
