Too close to see so much of love we stopped breathing
Sweet history ain't enough to keep my heart beating
So many tears for you I sacrificed
Too many lies for you I justified
How can you stand there say you know whos to blame
How can you act like everything is OK

CHORUS:

Don't tell me you love me
Then put the gun to my head
And say I'm not trying, oh
Don't tell me you want me
Then come to my neck
And pretend we're not dyin'
One of us has got to leave
Or one of us is gonna be a casualty

It's cold in here
An' my heart still wants you to hold me
Baby, you're never here
But when you with me i get so lonely

I see you talking but your lips don't make a sound
You see me crying but my tears don't hurt you now
How can you stand there say you know who's to blame

How can you act like everything is OK

CHORUS:

Don't tell me you love me
Then put the gun to my head
And say I'm not trying, oh
Don't tell me you want me
Then come to my neck
And pretend we're not dyin'
One of us has got to leave
Or one of us is gonna be a casualty

Breathe in breathe out,
Defend or back down over and over again
I stand there and you go
Mender and i fall over and over again

CHORUS:

Don't tell me you love me
Then put the gun to my head
And say I'm not trying, oh
Don't tell me you want me
Then come to my neck
And pretend we're not dyin'
One of us has gonna to leave
A one of us is gonna be a casualty
