[Chorus: Nicole Scherzinger]

Go 'head do what you came to do  
Wanna know all the things that I used to do  
When I keep it on the real you get an attitude  
You want the truth, you can't handle the truth  
Go 'head do what you came to do  
You want to follow my past well it's up to you  
When I keep it on the real don't get an attitude  
You want the truth, you can't handle the truth

[Verse 1: Shaggy]

Don't ask bout the past you should let some things be  
No need to concern bout the man she has seen  
You ask how many she tell you just three  
Knowing that your ego can't handle thirteen  
It's best not to ask bout her previous guys  
Unless you are willin to handle her lie  
Especially when she's discussin their size  
You just might be in for a bigger surprise

[Verse 2: Shaggy]

You listen to me go a you really don't wanna hear  
Your stirrin the feelings that you know you can't really  
bare

So what if the answer you can prevent your biggest  
fear

(Now ask yourself are you really prepared? Uh!)

[Chorus: Nicole Scherzinger]

Go 'head do what you came to do

Wanna know all the things that I used to do  
When I keep it on the real you get an attitude  
You want the truth, you can't handle the truth

Go 'head do what you came to do

You want to follow my past well it's up to you  
When I keep it on the real don't get an attitude  
You want the truth, you can't handle the truth

[Verse 3: Shaggy]

An expert it seems when it comes to foreplay  
The many positions she did made your day  
I know you must wonder how she get that way  
Don't ask you might not wanna hear what she'll say  
Just look in the past and the ways you had fun  
Would you wanna know when the things you had done  
She might lose her cool and be tempted to run  
So what heave you learned when it's all said and done

[Verse 4: Shaggy]

You think of the info that you really don't wanna hear  
Your stirrin the feelings that you know you can't really  
bare

So what if the answer you can prevent your biggest  
fear

(Now ask yourself are you really prepared? Uh!)
