Feel you, feel me
Our souls are connected
By you, I am
Spiritually infected
Touch me
You're touching yourself
I'm you,
And you are me as well.

Most of us do it to live
But some just live to do it
Either way,
We're all into this
Erotica revolution

Explode
Everybody let go
Come on now
What we need
Erotica revolution
Is to release
Erotica revolution

You want
You need

My elixir
You're fixed.
Love me
Feel me
In me both can exist
Wild, saint
Chaos and control
I am tattooed on your soul.

Most of us do it to live
But some just live to do it
Either way,
We're all into this
Erotica revolution

Explode

Everybody let go
Come on now
What we need
Erotica revolution
Is to release
Erotica revolution
