ooooo

In the lights in your eyes
I'm resting peaceful by your side, by your side
And you turn like the tides I was all wasted
And there goes my whole life

Heart beats it feels like I'm dying
My knees I can't give up trying
All I want is to know where you are
Don't leave me here alone waiting
Cause your love's a chance that I'm taking
Yeah yeah yeah

CHORUS:

Everybody needs somebody, oh, yeah
Everybody needs somebody, oh
And I need you

And I don't know words
That would convince you that you are safe with me
Is no sun in the sky
Will make you clearest so you could hear me

Heart beats it feels like I'm dying
My knees I can't give up trying
All I want is to know where you are
Don't leave me here alone waiting
Cause your love's a chance that I'm taking
Yeah yeah yeah

CHORUS:

Everybody needs somebody, oh, yeah
Everybody needs somebody, oh
I need you

So bad that it hurts it steals the sleep away from my
eyes
I find that wearing a shirt
Hoping your scent will save me from these dark nights

CHORUS:

Everybody needs somebody, oh, yeah

Everybody needs somebody, oh, yeah
Everybody needs somebody, oh, yeah
Everybody needs somebody, oh
And I need you
