Heartbeat  
Heartbeat Heart-heartbeat  
Heartbeat  
Heartbeat  
Heartbeat Heart-heartbeat

I saw you talking on the phone  
And know that you were not alone  
But you stealing my heart away  
Yeah you're stealing my heart away

You're acting like you're on your own  
But I saw you standing with a girl (hmmm)  
Stop tryin' to steal my heart away  
Stop tryin' to steal my heart away

I don't know where we going?  
I don't know who we are?

I can feel your heartbeat  
I can feel your heartbeat (he said to me)  
I can feel your heartbeat (running through me)  
Feel your heartbeat  
She said  
I can feel your heartbeat (she said to me)  
I can feel your heartbeat (she said to me)  
I can feel your heartbeat (running through me)  
Your heartbeat, feel your heartbeat

Maybe it's the way you move  
You got me dreaming like a fool  
That I could steal your heart away  
I could steal your heart away

No matter what it is you think  
I'm not the kind of girl to break

And give my heart away  
Stop trying to steal my heart away

I don't know where we going?  
I don't know who we are?

I can feel your heartbeat (he said to me)  
I can feel your heartbeat (he said to me)  
I can feel your heartbeat (running through me)  
Your heartbeat  
Feel your heartbeat  
She said  
I can feel your heartbeat (she said to me)  
I can feel your heartbeat (she said to me)  
I can feel your heartbeat (running through me)  
Feel your heartbeat

Stop stealing my heart away  
Stop stealing my heart away  
Stop stealing my heart away  
You're stealing my heart away

I don't know where we're going  
I don't know who we are  
It feels like we are flowing  
High above the stars, stars, the stars, the stars, the stars

I can feel your heartbeat (he said to me)  
I can feel your heartbeat (he said to me)  
I can feel your heartbeat (running through me)  
Your heartbeat  
Feel your heartbeat

Stop stealing my heart away (Just tell it to me girl)  
Stop stealing my heart away (Ooo) (Give it to me boy)  
Stop stealing my heart away  
Your heartbeat, your heartbeat
