I was caught up in the maze, of despair and shame
Alone I spend my days, trapped inside my pain
Because of all my tears, my pillow weight more than
me
My psyche wasn't clear, all I can think was ?woe is me?

Every time I tried, something always went wrong
I covered it with pride, so they wouldn't see my flaws
Beyond the masquerade was a woman so in need
But now that woman's gone, because she's found

Somebody to love, somebody to trust
And then it was only all about me, now it's about us
I thought I'd never see the day that I'd be free
Now I can't get enough of what my lover does
I'm so happy that I found,
Somebody to love

The walls were closing in, I was on the edge
I couldn't trust a friend, no matter what they said
I'm certain of my fate, I almost threw in the towel
I was on my way to the other side of town

A damsel in distress I was, with no sign of a shining
knight
I needed more than a superman, cause my heart
turned to kryptonite

somebody strong that could break the wall of the
chains that was holding me
Somebody to be, somebody for me, he's the one that
finally gave me

Somebody the love, somebody the trust
And then it was only all about me, now it's about us
I thought I'd never see the day when I'd be free
Now I can't get enough of what my lover does
I'm so happy that I found,
Somebody to love

It's like I'm a ??? , and nobody's there but him and me
He's the perfect counterpart to me, to me

The day that I let him go, is the day we see the sun
covered in snow
You will feel just like me, when you finally find yourself

Somebody to love, somebody to trust
Then it was only all about me, now it's about us
I thought I'd never see the day that I'd be free
Now I can't get enough of what my lover does
Been so happy since I found,
Somebody to love
