ooh ooh,yeah
its friday, the clock is moving way too slow
i can't wait to get outta the door, and put my moves
down
i got all the girls with me
they'll be livin the club, its free
im in my groove now, all we wanna do is just..

chorus
(just blow off some steam now, i wanna blow off some
steam now
just wanna, blow off some steam now, i wanna spill off
some steam
spill off some steam)

im movin like its gonna be the last time i go out
so in the club i stare at the dj, he makes the beat drop
(bring it back)

i betta make ya loose ya beat, slow motion when your
up against me
im in my groove now, all we wanna do is just..

chorus x2

when i'm on the floor, the music takes over
i go somewhere, somewhere far from everyone and
everything
this is where i need to be
sometimes i just wanna break free and then i'll just
sing! (echo)

chorus x3 to ending
