Ooh baby
Ooh baby
oh oh baby
Ooh oh baby
Oh yeah...

Baby we facing our death
Oh baby take your last breath
I see when you fall I fall too
I know what you see I know who you be
We need to fall together
If you fall I will change forever
My mood will change the weather
Oh baby I won't ever let you fa- fall

(Choruse)
When You're Falling
Ooh
When You're Falling
Baby I wont let you fall
When you're falling
I'll save you always and forever
I wont let you fall
Please I fight at all
Ooh no no no
I wont let you fall
No no no
Ooh

Ill send you my text
If you fall you'll be missed
Ill text you my last kissed
If you fa- fall
Who will be my prince to take me to the ball
Ooh baby who who who
I want you you and only you
When your falling apart
You can have my heart
Because...

(Choruse)
When You're Falling

Ooh
When You're Falling
Baby I wont let you fall
When you're falling
I'll save you always and forever
I wont let you fall
Please I fight at all
Ooh no no no
I wont let you fall
No no no
Ooh

Oh baby you wont fall (fall fall)
You wont fall (fall fall fall)
Don't let go of my hand (hand hand)
Ooh no no
You wont fa- fall
Oh baby

(Choruse)
When You're Falling
Ooh
When You're Falling
Baby I wont let you fall
When you're falling
I'll save you always and forever
I wont let you fall
Please I fight at all
Ooh no no no
I wont let you fall
No no no
Ooh
When you fall
(when you fall)
I wont let go oh oh
When you're falling

Oh oh oh
When your falling
