So it seems our remedy came at last.
The seal is broken, but do we have a choice?
That strange old man, dressed up just like you.
He made me coil up like reptiles do.
Y yo que no sÃ© vivir he caido y caigo.
Y nuevamente el cielo las caricias de los que noche a
noche nos repartimos
El veneno.
Un veneno extraÃ±o con mil nombres que se instala en
flores verdaderas
Perfumadas, para pudrir las por dentro.

Y para que amanezcan con nosotros un dÃ­a u otro en la
pequeÃ±a ca-ja que los
De la funeraria llevan ba-jo el brazo.
And I don't know how to live.
'Cos I am broken.
And I fail and fail again.
With this broken skin I try to look like you.
(I) hope it makes me blend in like reptiles do.
