I'm nervous  
Nervous as the birds and bees  
Nervous nervous  
As a girl can be

And it doesn't make sense  
It's a pleasure attack

It's too intense it makes no sense  
And that is why I'm with you  
You've got my river running wild  
There's honey on my finger

Nervous when you turn me upside down  
Nervous when you watch me move around  
Nervous nervous nervous nervous

Nervous nervous  
As a girl can be

And it doesn't make sense  
It's a pleasure attack

The river that I'm swimming in  
Is shiny like a mirror  
I cannot thin I cannot see  
And that is why you're with me

I'm nervous 'cos I'm 'cos I'm open wide  
Nervous way inside  
Nervous  
I can't hide  
I can't hide

Nervous  
Nervous  
Nervous  
Nervous
