I'm going home I'm going away  
Unless you tell me you love me  
I'm going home I'm going home  
It's cold here and the buildings are grey  
I want to feel my home but you asked me to stay  
But if you don't want me around let me know

I'm going home back to my fatherland  
Home back to my motherland  
Home back to my fatherland

I'm going home back to my fatherland  
Home back to my motherland  
Home back to my fatherland

You have a heart but you're sad and you're scared  
You think I'll burn you like fire  
I only came to see your heart  
But you don't trust me at all  
You think that I hate you for the things in the past  
I don't it's just it seems to me that past still lasts  
I love you but I have to leave you I must go

I'm going home back to my motherland  
Home back to my fatherland  
Home back to my motherland

I'm going home back to my motherland  
Home back to my fatherland  
Home back to my motherland

You sense of sin  
Is destructive  
Don't want to win  
Just want to live

I'm going home
