"Everytime" by
the NiDs from the 1987 release
"Music to Detassle Corn By"
lyrics by Dave Peters
Long time no see
That's the way you want it to be
but when you needed to talk
You would always count on me
Everytime I tried but it tough
guess that I just wasn't enough
But you called me up

when things started getting rough
You run, you hide, you find it hard to confide
But i always took the time, I was always
by your side. You took I gave
out relationships not worth it to save
For want of love I dearly paid
and I won't stand by your side
at your grave.
