"Fashion Accessory"

From the N.I.ds 1987 release

"Music to Detassle Corn By"

lyrics by D. Peters and S. McCloud

I've Got my transpotation,m complete with bucket seats

I've Got my RayBan glasses, my Calvin Klein jeans

I've Got everthing I need that can staisfy me

I've Got everything I need that can satisfy me

I've Got a Jarhead haircut, got my funny shades

When I hear "Mony, Mony" I yell get fucked get laid

I've got everything I need that can staislfy me

I've Got everything I need that can staisfy me

Chorus:

I want to be a non-entity, satisfactory

Fashion accessory for you, for you

I talk social issues, like how much dough I've got.

Don't care who's explited, as long as I've got alot.

Don't make friend with girls, unless they put out

Sex, beer, Bon Jovi, that's what my life's about

Chorus

Lay in the sun all day, get the perfect tan

Drive around, tell at girls, in my macho van

Live a life of style, separate from the rest

It's not what you think, it's how you look and dress.

Chorus
