I remember much  
Walking down to the lake at dusk  
You dare me, I dare you  
Hanging down from a rope  
Chorus  
Innertube  
Innertube  
Innertube  
Innertube  
You climb the tree  
Swing the rope back to the shore to me  
You push me, I push you  
Swinging out over the dark water

Chorus

And we're wet and on the grass  
End of summer coming fast  
Wonder if the rope will hold us two

Chorus

We get back too late  
Standing awkwardly at my gate  
You hug me, I hug you  
We say goodbye to innertube

Chorus
