Great masters of the world
Great masters living by the sword

Living forever in peoples mind
Like a God!
A part of the history
Changing the world
Like a God!
We will remember!

Great Masters of the world
Great masters living by the sword

Strenght Wisdom Control
...controing the masses!!!
Leader Leadership Domination
...world domination!!!
Books have been written
You can still hear the songs
Dreams from the past!
like treasures unknown
We will remember!

Living forever in peoples mind
Like a God!
A part of the history
Changing the world
Like a God!
