"Be Wise Or Be Dead!"

Dying soul
Weeping alone
When the darkness falls
And all hope has gone

Despair surrounds us
Standing at the cross
Win back your faith or
Endure the great loss

Fading life
Stabbed with a knife
Now bleeding to death
You cannot feel safe

A hungry beast
Preparing for the feast
To devour your heart
To say the least

Be wise
Or be dead!

Turn back to the light
There's nowhere to hide
You will lose your life
If you stay in the night

Nothing more to say
The beast is underway
To devour your heart
When it's judgment day
