Eyes full of tears had to be left behind
Full of fear we're crossing the enemy line
Hate is disturbing the soil of my heart
My anger is taking me apart

Senseless victims pave our way
Nobody will survive till the end of this day
It is for sure that today we have to leave
So I'm asking me: in what do I believe?

We are marching
Side by side
Cruel thoughts stuck
In my mind

Terrifying
The last run
They are dying
One by one

The blood of the soldiers colors the night
Destruction and death are the result of this fight
Screaming and groaning all around
Greed is what it's all about

We are marching
Side by side
Cruel thoughts stuck
In my mind

Terrifying
The last run
They are dying
One by one

When will this all come to an end?
Where is the hero who takes my hand?
We can't help ourselves, this'd be human's doom
So we'd have to wait till we see the savior's loom

But we are marching
Side by side

Cruel thoughts stuck
In our minds

Terrifying
Our last run
We'll be dying
One by one
