Verse 1:

I wanna ask you Soulja Boy
How the hell you became a star.
You don't even rap or sing,
You just shout its so bizarre.
How you sold so much copies,
That everybody wants to jive.
If everybody thought like me,
You wouldn't even sell five.
And your lucky that you even have
1 fan that wants to talk to you.

That I just want you to know:
Instead of Cranking Dat!
Lets Yank Dat Cameltoe!
