Twisting, turning  
Oh, the winds are burning  
Leaving me without a name  
How will we ever find our way?

Snow was falling  
I could hear the frightened calling  
Fear taking over every man  
Life meaning nothing more than sand

Wind will sweep away  
The traces I was here  
A story in a teardrop  
That's all I have to give...

Rage inferno  
Swallowing the live that I know  
Strength is the only way to fight  
You must look up to see the light...

Gone with the wind... gone with the wind...

Take all I know  
Turn it into darkened shadows  
They'll disappear in the sun  
When a new story has begun

She survived the nightmare  
Began a whole new live here  
But I can see behind those eyes  
She still sees those fires in the night...

Twisting and turning  
Oh, the winds are burning  
Leaving me without a name  
How will we ever find our way?
