Maire, lei campagno gansaion  
A questo nue, balin-balan,  
Leis avÃ©, lei fedo sounaion.  
D'ounte vÃ¨n agÃ©u sagan?  
Lou gat sauto dins la paniero,  
Medor gingouelo dins lei champ,  
E lei gÃ rri dins la feniero,  
Barruelon coume de bregand!

The bells are a ringing  
On Mid Winters Night  
The moon sets all alone  
And once again I try to sleep before the morning light

Too soon the sun will come a-calling over the hills in  
our little town  
Too soon the snow will start falling over the world  
without a sound  
While in my room dreams ar a-fleeting  
I close my eyes one more time  
All too quickly the dawn is breaking and I must leave  
the night behind
