WHERE ARE WE GOING FROM HERE?

On a long road, miles to go, Its winding, and cold and
it's covered with snow, and I ask you what we all want
to
know, Where are we going from here?

Lines on my face, Lines on my hands, lead to a future I
don't understand, some things don't go as their
planned.
Where are we going from here?

Tracing the trails through the mirrors of time, Spinning
in circles with riddles and rhymes. We lose our way, try-
in to find, searching to find our way home. Tryin to
find my way home.

As the day dies, with tears in our eyes, there's too few
Hellos and too many Goodbyes, Silence answers our
cries
Where are we going from here?

We're all on this road, miles to go. Braving new
pathways
into the unknown. For whom do you ask, well no one
really
Knows, Where we are going from here?

(Chorus)

Please help me find my way home (x3)
