You aren't allowed to say that you're better  
You aren't allowed to say that cause you're the hipster  
type  
You've got a lot to say, but don't mention  
The mirror kissing ways of the hipster type  
You aren't allowed to say anything  
We kicked around down water lane  
But you're not all there  
You aren't allowed to say anything  
You left me on the street, talking to drains  
Cause you're not all there

You aren't allowed to say that you're better  
You aren't allowed to say that cause you're the hipster  
type  
You've got a lot to say, but don't mention  
The mirror kissing ways of the hipster type

You like to tell yourself that I'm nobody  
I think you must have known I'd make you sorry

You like to tell yourself that I'm nobody  
I think you must have known I'd make you sorry
