The black dimension of poisoned spheres is awaiting  
for my hatred, awaiting the coming of it's Lord.  
Under a storming skies it comes, puncturing the rotted  
cunt of jesusy as a spear. The fucked crucified dog is  
dying.  
And bloody blisters crawling on the walls, when the  
thousand  
words of power are spoken. Throung my mouth.  
Infernus Vobiscum.

Et cum Aeternum... Screaming demons appearing.  
Appearing... The  
signs on Satan's dreaded face, leading me into the  
darkness.  
Evil is in His eyes. Satan, Thy force is in all majestic  
atcs  
of dark blasphemy, devastation and neverending war.
