Battlestorm raging on, final Armageddon
Celestial kingdoms burnt
Angelic entities slain
Demonsoul creatures conquer the land

Creatures of dark, horde of evil
Rape the light once so bright
Soulless beings of underworld
Reaping the flesh of christians

Total havoc, holocaust, disintegration
Crimson lakes of blood
Withering land, incinerated ground
Apocalyptic horizon

Coal black nightsky, frozen breeze
Venomous wind of death
Slaughtered angels, ruined heaven
Act of beauty, total death

Battlestorm raging on, final Armageddon

Coal black nightsky, frozen breeze
Venomous wind of death
Slaughtered angels, ruined heaven
Act of beauty, total death
