(Rick Pierce, Jonathan Scott K.)

Slip into darkness, taste of her is still upon my tongue

Electric fire, every nerve screams she's the one

She has the hunger, she knows the way to please her
man

And as I drink her, her body melts beneath my hands

Surrender

Your heart is in my hands

Surrender

The love I demand

Surrender

Come unto me now

Surrender

Insane with passion, heat inside me burns through my
soul

Gives rise to pleasure, don't let it stop, just let it go.

Surrender

Your heart is in my hands

Surrender

The love I demand

Surrender

Come unto me now

Surrender
