War!
Time has come for us to rise
To put the holy symbols in fire
Raise your weapons and prepare to kill
Slay the priest, let their blood spill

Followers of the whore king
Shall be put to rest
Their holy temples and churches
Shall be destroyed

We must gather together and become the crushing
hammer
Hammer of Satan, hammer of war, will crush the face
of
god
We shall gather together and become the smashing
hammer
Hammer of Satan, hammer of war, will crush down the
god

Hear our call to war!!!

Followers of the whore king
Shall be put to rest
Their holy temples and churches
Shall be destroyed

Hear our call to war!!!

We must gather together and become the crushing
hammer
Hammer of Satan, hammer of war will crush the face of
god
We shall gather together and become the smashing
hammer
Hammer of Satan, hammer of war, will crush down the
god
