The days were brighter  
Gardens more blooming  
The nights had more hope  
In their silence The wild was calling  
Wishes were whispering  
The time was there  
But without a meaning

Away, away, away in time  
Every dream's a journey away  
Away, away to a home away from care  
Everywhere's just a journey away

The days departed  
Gardens deserted  
This frail world  
My only rest ?

The wild calls no more  
Wishes so hollow  
The Barefoot Boy  
Weeping in an empty night

Away, away, away in time  
Every dream's a journey away  
Away, away to a home away from care  
Everywhere's just a journey away

Cherish the moment  
Tower the skies  
Don't let the dreamer  
Fade to grey like grass

No falling for life  
A gain for every loss  
Time gathered me  
But kept me flying

Away, away, away in time  
Every dream's a journey away

Away, away, away in time

Every dream's a journey away  
Away, away to a home away from care  
Everywhere's just a journey away

"For this gift of dream I must pay the price  
With the loss of life's pleasures"
