Running for her life  
The dark rain from her eyes still falls  
Breathtaking butterfly  
Chose a dark day to live

Save one breath for me

A loner longing for  
The cadence of her last breath

Why do I miss someone I never met, with bated breath I  
lay?  
Sea winds brought her to me  
A butterfly, mere one day miracle of life  
And all the poetry in the world finally makes sense to  
me

Save one death for me

A loner longing for

(Run away, run away, run away, run away)  
The cadence of her last breath  
(Run away, run away, run away, run away)

Put to rest all that's not life  
Drink for beauty and fill my blank page

Sometimes a dream turns into a dream

A loner longing for  
(Run away, run away, run away, run away)  
The cadence of her last breath

A loner longing for  
(Run away, run away, run away, run away)  
The cadence of her last breath  
(Run away, run away, run away)
