Who's there knocking at my window?

The owl and the Dead Boy

This night whispers my name

All the dying children

Virgin snow beneath my feet

Painting the world in white

I tread the way

and lose myself into a tale

Come hell or high water

My search will go on

Clayborn Voyage without an end

A nightingale in a golden cage

That's me locked inside reality's maze

Come someone make my heavy heart light

Come undone

Bring me back to life

A nightingale in a golden cage

That's me locked inside reality's maze

Come someone make my heavy heart light

It all starts with a lullaby

Journey homeward bound

The sound of a dolphin calling

Tearing off the mask of man

The tower-my sole guide

This is who I am

Escapist

Paradise Seeker

Farewell, time to fly

Out of sight

Out of time

Away from all lies

A nightingale in a golden cage
That's me locked inside reality's maze

A nightingale in a golden cage
That's me locked inside reality's maze
Come someone make my heavy heart light
Come undone
Bring me back to life

A nightingale in a golden cage
That's me locked inside reality's maze
Come someone make my heavy heart light
It all starts with a lullaby

A nightingale in a golden cage
That's me locked inside reality's maze
Come someone make my heavy heart light
Come undone
Bring me back to life

A nightingale...
In a Golden Cage...
