[Part 1]

Wish upon a star
Take a step enter the land
Walk through the air
Take my hand
Wishmaster's will -
Join him the quest for dream
A make-believe
Is all we ever need

Wish upon a star
No matter who you are
The second star to the right
Harbinger's gate
Beyond the boundaries
Blossom ballet
In the great wide somewhere

Wish upon a star
Believe in will
The realm of the king of fantasy
The master of the tale-like lore
The way to kingdom I adore
Where the warrior's heart is pure
Where the stories will come true

[Part 2]

A cub of the king betrayed by usurper
A girl in the rain swearing to her father's name
Belle the last sight for the dying gruesome
The beauties sleeping awaiting
Deep in a dream
For true love's first kiss

Bald Mountain Night
Devil heart endures but light
A mad aerial dance
Chernabog's succubi

Black Cauldron born

Gurgi's heart forlorn
Pig-keeper or hero
On a quest of augury

Maleficent's fury
The spindle so luring
Dragon fight, dying night
Dooming might

Apprentice of Yen Sid
Conducting the galaxy
Dreamer on mountaintop
Spellbound masquerade

[Part 3]

The Sailor an idol for the six-year-old in me
The Phoenix of White Agony Creek
Enchantress, A mermaid in a tale as old as time
A Dragon slayer, The Awakener

Wish upon a star
Believe in will
The realm of the king of fantasy
The master of the tale-like lore
The way to kingdom I adore

Wish upon a star
Believe in will
The realm of the king of fantasy

Wish upon a star
Believe in will
The realm of the king of fantasy
