[Pink Floyd cover]

Beyond the horizon of the place we lived when we were young.

In a world of magnets and miracles  
Our thoughts strayed constantly and without boundary,  
The ringing of the division bell had begun.

Along the Long Road and on down to the causeway,  
Do they still meet there by the Cut

There was a ragged band that followed in our  
footsteps  
Running before time took our dreams away  
Leaving the myriad small creatures trying to tie us to  
the ground,  
To a life consumed by slow decay.

The grass was greener  
The light was brighter  
With friends surrounding  
The nights of wonder

Looking beyond the embers of the bridges glowing  
behind us  
To a glimpse at our great loss of the other side  
Steps taken forward but sleepwalking back again,  
Dragged by force of some inner tide

But the highest altitude with flag unfurled  
We reached the dizzy heights of that dreamed of world

Encumbered forever by desire and ambition,  
There's hunger still unsatisfied,  
Our weary eyes still stray to the horizon,  
Though down this road we've been so many times.

The grass was greener  
The light was brighter  
The taste was sweeter  
The nights of wonder  
With friends surrounded

The dark mist growing  
The water flowing  
The endless river  
Forever and ever [x2]
