Beyond the horizon of the place we lived when we were  
young  
In a world of magnets and miracles  
Our thoughts strayed constantly and without boundary  
The ringing of the division bell had begun  
Along the long road and on down to the causeway  
Do they still meet there by the cut  
There was a ragged band that followed in our  
footsteps  
Running before time took our dreams away  
Leaving the myriad small creatures trying to tie us to  
the ground  
To a life consumed by slow decay

The grass was greener  
The light was brighter  
With friends surrounded  
The nights of wonder

Looking beyond the embers of bridges glowing behind  
us  
To a glimpse of how green it was on the other side  
Steps taken forwards but sleepwalking back again  
Dragged by the force of some inner tide  
but the highest altitude with flag unfurled  
We reached the dizzy heights of that dreamed of world

\*\*\*\*

Encumbered forever by desire and ambition  
There's a hunger still unsatisfied  
Our weary eyes still stray to the horizon  
though down this road we've been so many times

The grass was greener  
The light was brighter  
The taste was sweeter  
The nights of wonder  
With friends surrounded  
The dawn mist glowing  
The water flowing  
The endless river

Forever and ever
