Why? Can't you realize?  
The truth is shown to your eyes  
Can't watch beyond that wall  
There's somethings inside you cannot speak  
Hate and tears from beyond  
Visions of nightmare  
See no tomorrow  
Look out...  
This is the end of mankind  
Infected life  
Internal dilution  
In pain and sorrow  
This is the end of mankind  
Shocked away  
Mind consumption  
Fallen down  
Low...  
Eating your mind  
Where's the truth?  
What is real?  
Where's the life?  
Where's the truth?  
What is real?  
Burn alive  
Can you feel it?  
Dissolution  
In a world of fears  
Born and dead  
Now you feel it  
It's a torture for the eternity  
Where's the life? where's the truth?  
What is real?  
Tell me why? lost your reality?
