## Towards the sunset

My life is Crazy daisy, Californication

Baby, baby, it 'divine - Amen!

I zigzag among people, disguised as a normal

I'm, wacko to night - wacko maniac - honestly

the blink blink that adorn my shoulders

Sparks in the sun, it makes me just a bit cooler

weighing on me at the same time down, so I must throw my chains

Love before business

Art before people

I speak before I think

& it hurts my love ones

They know it doesn't say me the slightest, if it isn't the pure honesty

What is it people is so busy with?

It freaking incredible calmly and quietly, Man calmly and quietly

Drop the bag in the back - learn back

There's cash in the glove compartment - enough to take off

Cup holder for your coffee, a smile in the corner of your mouth/

Yea, the situation looks bright /favorable

the past in the back mirror now do we have nothing to avoid

Man I'm horny

Okay let's get the chamber pitch

No GPS driving towards the evening sun

we poured the whole thing a bit like a strike

(oh-oh-o-ohh)

we lived our life a bit like a game

but now I'm ready to go a whole new way

(oh-oh-o-ohh)

Towards the sunset; my baby and I

I'm day dreaming closing my eyes

living in my dreams every day - sleepwalking

and we rise up every time we fall

no lies, truth is what we selling  
so what you get is what you see  
you boy is still sharper then a Musketeer  
new watch on my arm, but I'm ageless  
and my baby shines in a room without light.  
and I can feel her, even when she is out of town.  
butterflies in my stomach - if you want to know how it feels  
and nothing is as usual  
so it about time to write love in my rider  
yes they talking loose in DK  
but I'm not listening, I'm driving towards the sunset  
and it's about time to press the fire alarm  
for a place inside of me is a flame that burns  
so great art that it breaks the boundaries  
and okay perhaps I wasn't quite ready in the beginning  
but the crystal ball in her eyes tells me  
that we could have a future together.

we poured the whole shit a bit like a strike  
(oh-oh-o-ohh)  
we lived our life a bit like a game  
but now I'm ready to go a whole new way  
(oh-oh-o-ohh)

Towards the sunset; my baby and I

I'm flying against the horizon  
seat 2  
I feel like the dot over the i  
in the top  
dressed in the night sky colors  
dark blue  
my future looks so bright even with closed eyelids  
they really want to yell  
they trying to fit in  
we trying to stand out  
does that lead the way is singled out for attack  
so I turn up for the volume and let the music give me Goosebumps  
no stop block, no plan B  
life before death, let it come, let it happen  
hope in my suitcase, hits on my conscience  
towards the sunset - with my heart on the right place  
we poured the whole shit a bit like a strike  
(oh-oh-o-ohh)

we lived our life a bit like a game  
but now I'm ready to go a whole new way  
(oh-oh-o-ohh)  
Towards the sunset; my baby and I  
so now I'm ready to go a whole new way  
Yea, up for whatever, my baby and I  
mmh-mmh  
mmh-mmh  
we on our way now  
we on our way now
