Do you
do you
do you
do you see the light
Do you
do you
do you
do you see the light
Do you see the light
You can always call my name
And I'll be there
Do you
do you
do you
do you see the light
So you
do you
do you
do you see the light.

Life is what you make it
A choice where you decide just what to do
And love is worth the taking
A light will shine it's way from me to you
I've been looking for
Searching for - looking for life
I've been looking for - searching for
Looking for life
Do you see the light shining on you
Is coming straight to your heart
Oh! do you see the light
What can you do
Nothing can keep us apart

Do you
do you ...

You can always call my name
And I'll be there
I've been looking for - searching for
Looking for life

Do you see the light!
Do you see the light
You ca always call my name
And I'll be there
I've been looking for - searching for
Looking for life
Do you see the light!

Oh! Do you
do you
do you
oh!
Oh! Do you
do you
do you
oh!

Life is what you make it
A choice where you decide what to do
And love is worth the taking
A light will shine it's way from me to you
Oh! Let it shine on forever
I'm gonna tell the world about this love
Oh! It's a joy to be together
Let it shineeeeeee! Scream

Do you see the light
You can always call my name
And I'll be there
I've been looking for - searching for
Looking for life - Do you see the light!

Do you
do you
do you
do you see the light
Do you
do you
do you
do you see the light
Do you see the light
You can always call my name
And I'll be there
Do you
do you
do you
do you see the light
So you
do you
do you
do you see the light.
