Meet me in the stillness  
Away from all this madness  
I'll give you a piece of me  
You'll give me a moment  
Let you into the corners of my mind

I looked into a stranger  
And found my soul waiting there  
It hit me like a siren  
To see myself everywhere  
And I saw that I knew him like the corners of my mind

And like every other soul  
You feel the night come on hard and go slow  
And life goes on and on and it goes  
In the corners of my mind

So shed your skin for me  
Let's pull back the covers  
There's so much about ourselves  
We're yet to discover  
So won't you let me in, won't you let me in to the  
corners of your mind

We pass on chance  
With our eyes to the ground  
It only takes a minute  
To see what's around  
But instead we choose to reside in the corners of our  
minds

So I stand before you now  
Faulty but not broken  
Fragile like the break of day  
And sometimes sad like words unspoken  
But I'll let you in, I'll let you in to the corners of my mind

And like every other soul  
You feel the night come on hard and go slow  
And life goes on and on and it goes  
In the corners of my mind  
Corners of my mind

In the corners of my mind  
The corners of my mind  
The corners of my mind  
The corners of my mind  
The corners of my mind
