I believe in fairy tales  
Dreams can all come true  
I believe in fairy tales  
I believe in love and you  
I've been warned  
I've been told  
I'm too young  
You're too old  
I don't care  
It's o.k.  
Tell me lies  
Anyway

CHORUS:  
Cause I believe in fairytales  
Tell me that you love me too  
Sugar and spice and ev'rything nice  
Promise me a sky of blue  
Hey diddle diddle  
The cat and the fiddle  
My heart jumped over the moon

And I believe in fairy tales  
I believe in love and you

I believe in fairy tales  
I believe in love and you

In my dreams late at night  
You're the one who holds me tight  
Maybe soon, but not too long  
Lovin' you won't be so wrong  
(Repeat Chorus)

I believe in love  
I believe in fairy tales  
Dreams can all come true  
(Repeat Chorus)
