I believe in love
I believe it every time I see you
Walking by my side
It's something I can't hide
I believe in love
I believe it every time I hear
Your laughter flow with mine
Oh I can see it shine
Like a super nova star
Like a glow worm in a jar
The light is just the same
And love is not a game
So believe in me my friend
And this joy will never end
In a hundred years or two
I'll still be loving you
I believe in ghosts
I believe in frankenstein the most
And even halloween
The moon is cheesy green
Like a super nova star

Like a glow worm in a jar

The light is just the same

And love is not a game

So believe me my friend

And this joy will never end

In a hundred years or two

I'll still be loving you

I believe in love

I believe it every time I see you

I believe in love

I believe it every time I see you

I believe it every time I see you
