I'm crawling in my slumber  
I'm tangled in this web  
Caught between desire  
I'm listening to myself

Somebody save me lord??  
I'm born being bad

My hands are in the fire  
I'm burning for your touch  
It's making me feel uneasy  
Making me lose sleep  
My earth is shaking  
I'm born being bad  
Somebody save me  
I wanna wear your skin  
I wanna wear your skin

My breath is growing heavy  
My senses going dim  
Baby i can't keep going on and on and on and on  
Like this  
My earth is shaking  
I'm born being bad  
Somebody save me  
oh lord

I wanna wear your skin  
I wanna wear your skin  
I wanna wear your skin
