If you a star I be your milky way  
If you a bar I drink up everyday  
If you the town I be the talk  
If you the talk, baby I be the walk

If you wanna dig I be your gold baby  
If you wanna live I be your old age  
You be the time I be the clock  
You be the tick I be the tock

If you wanna race I run like crazy  
If you wanna ride I drive yoy daily  
If you a beach I be the sand  
If you wanna give I be your hand

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

If you a case I be a jury  
If you a sin I be your mercy  
If you a beat I be the moves  
If you a tree, baby I be the roots  
If you made for walkin' I be your boots

If you a bride I be your wedding  
If you a soul I be your Otis Redding  
If you a verse I be your song  
If you a king I be your kong

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

You got me stuck to you

You got me stuck to you  
You got me stuck to you  
You got me stuck to you

Clap hands, c'mon  
Clap hands, c'mon, c'mon  
Clap hands, c'mon, c'mon

Headed for a breakdown  
(Headed for a breakdown)  
I'm a fool, I'm a clown  
(She's a fool, she's a clown)  
But you stuck me so good  
That's right I been shot down

Headed for a breakdown  
(Headed for a breakdown)  
I'm a fool, I'm a clown  
(She's a fool, she's a clown)  
But you stuck me so good  
That's right I been shot down

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

You got me stuck to you  
You got me stuck to you  
You got me stuck to you  
You got me stuck to you

You got me stuck to you  
You got me stuck to you  
Stuck it to me good  
Now baby I'm stuck to you

Clap hands, c'mon  
Clap hands, c'mon  
Clap hands, c'mon

You got me stuck  
You got me stuck to you
