I don't know when things changed
Maybe I'm the one to blame.
I could see forever in your eyes
If you just look at me, baby.

I don't know where I went wrong
Have we just tried for too long?
I could hold you tight till I die,
If you come near me again.

Baby, who's loving you?
Who's loving you?

What can I do make you stay?
If what I've done drove you away.
I could turn back the hands of time,
If you'd just care again.

Baby, who's loving you?
Who's loving you?

Can you blame me?
If I'm dying to know
who took your love away.
Can you blame me
if I've got to know,
so I can go on and love again.

Baby, who's loving you
Who's loving you
Who's loving you
