Let life toss me around
I'll fall with both feet on the ground
And smile though my whole world
Is upside down

I'll win each race I start
I'll fight the strongest heart
I'll shine and light the dark
But there's no way
My day could start

Without You
I wouldn't have someone to guide me
I wouldn't have someone beside me
To hide me when troubles make me blue

Without You
Just who would put the sunshine in my life
Who'd dry the tears that fall from my eyes
I know I could never make it through
Without You

Without a you for me
My heart would be a lonely place

And dreams would not mean anything to me

But you've lit up my night
You gave me wings to fly
Now I can touch the sky
But I know I could not survive

Without You
I wouldn't have someone to guide me
I wouldn't have someone beside me
To hide me when troubles make me blue

Without You
Just who would put the sunshine in my life
Who'd dry the tears that fall from my eyes
I know I could never make it through
Without You
