You

What would I be without

What could I possibly do

What I would be is all through

I

Need you so bad I could die

Life without you is a lie

You are the sun in my sky

Just a like the rain feeds a flower

To make it grow

You are the strength and the power

That makes me go

When I'm without you baby I'm

Full of all those lonely feelings I'm

Surrounded by walls and ceilings

Then you appear and

My skies are clear and

I star to cheer

What I see

We

Together is how it must be

We meaning you

Meaning me

We meaning me and you

Just like the rain feeds a flower

To make it grow

You are the strength and the power

That makes me go

When I'm without you baby I'm

Full of all those lonely feelings I'm

Surrounded by walls and ceilings

Then you appear and

My skies are clear and

I start to cheer

What I see

What I see

We

Together is how it must be

We meaning you meaning me

We meaning me and you

We

Together is how it must be

We meaning you meaning me

We meaning me and you

We

Together is how it must be

We meaning you meaning me

We meaning me and you

We

Together is how it must be

We meaning you meaning me

We meaning me and you
