It's been seven days of constant rain  
I miss you, oh I Miss you  
Feelings swept away, there's no barricade without you,  
What can I do?

And everything protected me  
As all been stripped away

Cause I'm Naked  
Without you around  
You cover up the emptiness  
When I feel ripped out  
And I feel naked  
From the inside out  
You always seem to shelter me somehow  
When I feel naked

I could try to change  
And nothing fades away, than you do, oh yeah you do  
From every stranger's eyes, you're my best disguise  
I need you, I still need you

And everything that comforts me  
Has all been stripped away

Cause I'm Naked  
Without you around  
You cover up the emptiness  
When I feel ripped out  
And I feel naked  
From the inside out  
You always seem to shelter me somehow  
When I feel naked

Moments we share  
Are all been out where  
It's cold without you  
Now I have to try  
To get through another night

Naked

I feel naked

Cause I'm Naked  
Without you around  
You cover up the emptiness  
When I feel ripped out  
And I feel naked  
From the inside out  
You always seem to shelter me somehow  
When I feel naked
