I such have had enough
I've packed up all my stuff
I'm waiting for the cab in the hallway

And I have nothing to explain
I'm Naked in the rain
Like every part of me is on this day
Try to act like everything's okeâ€¦no way!

What did I do?
You said I've screwed it up, and it cost you
All it took was one slip, and I lost you
What did I do?
But maybe it's not me, maybe it's you
What did I do?

I know that you won't call
Won't talk to me at all
You've left me in my last and perfect world
I'm done with feeling small
I've really gave it all
Trying to be a stupid cover girl
You must be glad you finally had your way

What did I do?
You said I've screwed it up, and it cost you
All it took was one slip, and I lost you
What did I do?
But maybe it's not me, maybe it's you
What did I do?

I guess we'll never know
I guess we'll never know
I guess we're never out this story
Maybe looking back
Many years from now
Where the talk's too late to be sorry
You'll be thinking
What did I do?

What did I do?

You said I've screwed it up, and it cost you
All it took was one slip, and I lost you
What did I do?
But maybe it's not me, maybe it's you
What did I do?

What did I do?
You said I've screwed it up, and it cost you
All it took was one slip, and I lost you
What did I do?
But maybe it's not me, maybe it's you

I guess we'll never know
I guess we'll never know
I guess we're never out this story
I guess we'll never know
But maybe it's not me, maybe it's you
What did I do?
