I.

An angel cries in my dreams  
I do know her as it seems  
And I wonder why she cries  
Tears do not fit with her eyes

You know she made a reply  
But it sounded like a fly  
And I never understood her  
So I kept thinking of her

#### CHORUS1

I wake up in the darkness  
Remembering her sadness  
I want to reach out my hand  
And take her on my own land

II.

But one day everything changed  
I saw myself so much raged  
As a note came down my way  
And began to break my day

I went through this deadly note  
And ran down through my own quote  
And by this I was reminded  
Of what she has lamented

#### CHORUS2

Everything turned upside-down  
In a deep dark sea I drown  
Drown for I don't want to see  
Her pains that were made by me

#### BRIDGE

How come I forgot about all this?  
Now I already remember her words.

She said, "Mama, I'm your child!"  
And now... I want to join her.

REFRAIN

I wake up in the darkness  
In a deep dark see I drown  
I wanted to reach out my hand  
But now I want to join her

I want to join her... I want to join her...  
I want to join her... I want to join her.
