I....I....I....

I....I....I....

Saw you yesterday
We were talking
Comparing notes
What's happeneing
What's not
What you wanted
What you got

Now you're on your way
It's all about that
And nothing else
I feel like I'm small
And I don't matter in that world
If I try to tell you would you laugh in my face
Tell me to grow up when I come clean and say

Chorus

I miss you
The way we used to be
Back when you calling me
Everyday (Yeah)
You wanted to come over
I miss you
But it's different and it's stange
Now that everything's changed
And it scares me 'cause it's weird that you don't notice
I miss you
I....I....I....
Yes I do (yeah)
I....I....I....

Maybe it's just me
But I don't think so
I'm not insecure
I just know
What's real
What is gone and what I feel

I remember when we used to say that

We'd never change
Forget where we've been
I wanna go there again

If I tried to tell you
You'd turn into that kind
Would you put up your defense
Say I was losing my mind

Chorus

I miss you
The way we used to be
Back when you calling me
Everyday (Yeah)
You wanted to get closer
I miss you
But it's different and it's strange
Now that everything's changed
And it scares me 'cause it's weird that you don't notice

Don't you ever see my face outside your window
Are you up so high you can't get back around
Will you think of me some night when you get lonely
Will you need me
When you're on your way down

(Ooh)
Saw you yesterday
We were talking
Comparing notes
What's happening
What's not
What you wanted
What you got

Chorus (repeated)

I miss you
The way we used to be
Back when you calling me
Everyday (Yeah)
You wanted to come over
I miss you
But it's different and it's strange
Now that everything's changed
And it scares me 'cause it's weird that you don't notice
I miss you
The way we used to be
Back when you calling me
Everyday (Yeah)
You wanted to get closer
I miss you

But it's different and it's stange
Nothing stays the same
And it scares me 'cause it's weird that you don't notice
I miss you
I...I...I...
I miss you
I...I...I...
Yes I do
I...I...I...
I miss you
