Me and my girlfriends are always in competition
We picked a guy, made a bet out who could be the first
to kiss him
The game was make the poor boy beg, be the one
inside his head
I played the game to win

Left the girls in the rear view, I got into first position
While they were hittin' on him, flirtin' with him, I was
turning his ignition
Yeah thought he was just a game to win, now I'm
hearing violins
And now the joke's on me

Hey get your hands off my baby, the bets off
It's not a game anymore
You see the plan's gone wrong and you can't touch
Not playin' like I was before
You gotta keep the game our little secret
He can never know the score
Now I love him, I don't want him to hate me for it
It's not a game anymore

We were bored hangin' out just lookin' for a new
distraction
But the plan backfired, ended up as reverse attraction,
yeah
It was just a little innocent fun
Yeah yeah but I'm the one who's comin' all undone
And now the joke's on me

Hey get your hands off my baby, the bets off
It's not a game anymore
You see the plan's gone wrong and you can't touch
I'm not playin' like I was before
You gotta keep the game our little secret
He can never know the score
Now I love him, I don't want him to hate me for it
It's not a game anymore

What he don't know won't hurt him, stop flirtin'
Leave us alone, leave us alone, leave us alone

Hey get your hands off my baby, the bets off
It's not a game anymore
You see the plan's gone wrong and you can't touch
Not playin' like I was before
You gotta keep the game our little secret
He can never know the score
Now I love him, I don't want him to hate me for it
It's not a game anymore

Hey get your hands off my baby, the bets off
It's not a game anymore
You see the plan's gone wrong and you can't touch
Not playin' like I was before
You gotta keep the game our little secret
He can never know the score
Now I love him, I don't want him to hate me for it
It's not a game anymore, it's not a game anymore

Now I love him, I don't want him to hate me for it
It's not a game anymore, it's not a game anymore
It's not a game anymore, it's not a game anymore
