Stiletto pumps in da club (yeah)  
Stiletto pumps in da club (yeah)

Princess:

Homegirl, bow down when u see me  
Because i'm comin up fresh  
Right wit the realest, u feel this?  
So u should call me the best  
I can look jazzy and nasty wt my stiletto heels on  
But if a ho steps up and try me  
Den her hair will get thrown  
I'm turnin heads left and right  
Soon as u see one foot step out the car  
Strollin thru da club  
Then i make my way right by the bar  
Yeah yo nigga eyein me  
I take him from u so watch out  
I know u jazzy actin classy, but i got a sassy mouth  
Hair is done and nails are too  
And i match from head to toe  
Then ta top it off, i'm rockin 6 inch black stiletto ho  
Different color everyday they just match the mood i'm  
in  
Silver, red, white, and black  
Look dis good should be a sin

Chorus:

Stiletto pumps in da club  
Whoeva thought that these girls would get crunk  
stiletto pumps in da club  
Whoeva thought that these girls would get crunk  
We rockin stiletto ho (8x)

Diamond:
